

Just one of the NC teams
By Greta van Meeteren

On Saturday, March 16, at 7:00 AM, we had our team picture taken. Almost the entire TRYM team showed up, some a little more bleary-eyed than others, but we were there! What is so special about this group?

Well, simply that we represent just about every category of swimmer there exists within the USMS family: we have fitness swimmers, triathletes, sprinters, IMers, middle distance, long distance and open water swimmers. We also vary in ages from 21-94! And ... we swim together in total harmony and the friendships are great.

If you have a story to tell about your special team, please send it to me at: gvanmeeteren@gmail.com. I'd love to hear from you!
